The revised Policy includes both a minimum and a maximum number of students for each age/grade group. School Safety and Security
Clerk Collins expressed his support for an SRO (School Resource Officer) Program. Such Officers not only serve as an early warning system, but also become familiar with the children. He looks forward to the BOE’s discussions regarding the matter. Board Member Rucci also looks forward to the BOE’s discussions and other possible support mechanisms, including nurses and counselors, that could be coupled with the Program. He concurred with Clerk Collins and shared an experience he once had as a School Resource Officer and D.A.R.E. (Drug Abuse Resistance Education) Officer in New London to deflect a potential incident. Once finalized, he aims to share the updated Plan that the Town’s Safety and Emergency Team, in partnership with the BOE, has devised to ensure the safety of the students and staff.

Discussion ensued regarding the possibility of engaging in a multi-board retreat. A working group comprised of select members of both Boards that would not be subject to FOI (Freedom of Information) Act requirements has proved most productive.
