CALL TO ORDER
First Selectman Chmielewski called the meeting to order at 7:07 p.m.

1. PLEDGE OF ALLEGIANCE

2. CORRESPONDENCE / PUBLIC COMMENTS
First Selectman Chmielewski thanked the public for attending this evening’s meeting and stated that the establishment of a Noise Ordinance is on this evening’s agenda for discussion and consideration as a result of input the Town has received from the community.

Carl Nawrocki, Music Vale Road, requested that the Town install a drip edge over the garage to protect the books that are stored in the building for the Friends of Salem Library. He also wished to confirm the receipt of his requests for funding for the second round of ARPA (American Rescue Plan Act) Funding by the First Selectman, Acting Selectman, and Board of Finance Chairman.

First Selectman Chmielewski stated that an ARPA Committee meeting is planned for the very near future to discuss the allocation of the second round of funds.

Ed Artale, 359 Round Hill Road, commented on the noise emitted from the motocross motorcycles. While the hours of the venue are posted, they are not necessarily followed. Videos of the activity taken from his deck, which is located approximately 0.5 miles from the activity, are available for viewing. The noise is a constant and very loud drone-type sound that can be heard through a highly wood area.

Sue Coffee, who owns numerous properties in the Town, including the adjoining property, spoke in favor of a Noise Ordinance. She expressed her concerns about the devastating
transformation of the property and the damage to its wetlands. She also stated that the noise, which extends to the Lake, is negatively affecting the peace and serenity of those residing and visiting the nearby campgrounds and neighborhood.

John Hummel, a taxpayer, informed the Board that the State of Connecticut has a Noise Ordinance. Should the Town vote to establish an Ordinance, it must apply to and submit an Ordinance that is equal to or more restrictive to CTDEEP (Connecticut Department of Energy and Environmental Protection). While there are exclusions for motor vehicles, the local governing body could enact an Ordinance that sets time limits that the public must adhere to.

CT State Representative Holly Cheeseman informed the Board that the Town of East Lyme recently established a Noise Ordinance and recommended the Selectmen speak with East Lyme First Selectman Kevin Seery for guidance. She proceeded to provide a brief Capital Update, including information regarding the LIHEAP (Low Income Home Energy Assistance Program). She recommended that any interested parties contact TVCCA (Thames Valley Council for Community Action) for assistance with the application process. Due to the decrease in funding and rising costs, households will, most likely, receive less funding and fewer households will receive assistance. As such, it is recommended that individuals apply for assistance as soon as possible. She hopes that a Special Session will be held to address the issue. In addition, Safe Futures, which provides support to those impacted by domestic violence, sexual assault, stalking, and trafficking, is in the planning stages for the construction of a $7 million Family Justice Center in Waterford. It is her understanding that the organization has requested the allocation of $5,000.00 from the Town of Salem as a statement of commitment and to help fund the project. The funds provide individuals with access to housing, health care, social services, the justice system, etc. To the best of her knowledge, the organization served approximately 24 Salem residents in 2021. She also reported that the State will be receiving funds from the Overdose Settlement which the Attorney General is hoping to direct to the towns to deal with the increased numbers of overdose victims. She thanked the Board and the public for their attention and expressed her openness to being contacted with any questions, comments, or assistance.

*Selectman Lyden stated that the Town has already provided $5,000.00 in funding for the project.*

*First Selectman Chmielewski expressed his appreciation for her and Senator Formica’s support regarding the need for additional patrols at Gardner Lake State Park from CTDEEP. Understanding of the staff shortages, he has authorized additional town funding to pay for the overtime costs of the Town’s Resident State Troopers on the weekends to enhance the patrols, be proactive, and enforce the rules. He will be contacting her and Senator Formica for assistance with the Noise Ordinance in the near future.*
Selectman Lyden also thanked her for her support and stated the responsibility of CTDEEP. The issues are not fair to the residents and it is only due to their persistence and actions that the State issued an alcohol ban and placed a dumpster. He criticized the State for reacting rather than being proactive. He suggested the possibility of the Board of Selectmen consider voting to close off the entrance to the Park next year should the issues continue.

Representative Cheeseman added that there are also issues of public safety and the activities should be tolerable for the neighboring residents and pleasant for the attendees. She expressed her full support.

First Selectman Chmielewski reported his plans to work with the Board of Selectmen, former Resident State Trooper, Inland Wetlands & Conservation Commissioner Jim Miller, Gardner Lake Authority, and the officials in Bozrah and Montville. If need be, they shall unify the towns against the State to enforce the rules and protect the residents and guests of the Lake. He expressed his appreciation to Representative Cheeseman for her support.

Sue Coffee stated that, since being a member of the Friends of Gardner Lake in 2010, she has persistently contacted CTDEEP. She now feels that the State should close the beach should they not have adequate funding to man and maintain the property. She does not wish for her taxpayers to fund their “nightmare”. She added that the boats are also not being checked for invasive plants.

Kate Johnson, Gardner Lake Authority Member, representing the Town of Montville, shared their experiences with CTDEEP regarding the noise issues on the Lake. After speaking with an EnCon Officer, she was informed that it was not possible to enforce the sound on the Lake and they did not have the proper equipment to gauge the sound.

Sue Coffee added that the establishment of a Noise Ordinance might also aid in dealing with part of the issues at Forest Drive.

John Hummel stated that, in lieu of a Noise Ordinance, a government entity, e.g., Zoning, might be able to handle the matter. He also understood the difference between private personal use and commercial use.

First Selectman Chmielewski concurred, adding that his goal is to resolve issues in the least restrictive manner before proceeding to more extreme measures.

3. ALTERATIONS TO THE AGENDA – none

4. AGENDA:

c. Noise Ordinance Process
First Selectman Chmielewski stated that he has received input from several residents regarding a Noise Ordinance. He explained the process of establishing an Ordinance, including reaching out to all of the relevant parties for their input and researching the noise ordinances of other towns. Once the Ordinance is drafted, a Town Meeting would be held to vote upon and establish the Ordinance. Selectwoman Munro reported that more than two-thirds of the towns in the State have not established a Noise Ordinance
due to enforcement issues. It was noted that a Cease-and-Desist Order has been issued on the Old Colchester Road property in question and other unrelated complaints have been received.

Emergency Services Fire:
- Career Firefighter Ryan Teixeira instructed 2 separate CPR/First Aid classes for approximately 8 Town Employees.

Emergency Management:
- Our regular meeting was held the 2nd Tuesday of the Month of August. We have been progressing towards the completion of review/update of the Town’s Local Emergency Operation Plan (LEOP), that addresses the State Mandate requiring the plans update and submittal every 5 years.
- The State continues to be in a drought as we enter into Hurricane Season. The rain at the end of last month was a temporary relief of an Extremely High Fire Danger status for New London County that lasted for an approximate week. The majority of last month was consider High fire danger or above. Burning permit approval was temporarily suspended due to the extremely high fire danger levels, that has been reversed due to the recent rain. Weather will continue to be monitored for very much needed precipitation to assist with the drought situation and fire danger concerns.
- Our public service announcement (PSA) for the month of August continued to address drought concerns and voluntary conservation of water usage. September is the start of Hurricane season that will most likely begin our preparedness educational outreach. Power outage remains a top vulnerability in town and will be communicating further with Eversource. Our new regional Eversource emergency coordinator has reached out to schedule a meeting in preparation.
- I attended a presentation from the FBI in regard to program offerings they have addressing safety and security of schools with the Salem School Superintendent, Principal, and their new part-time Director of Facilities.

Resident State Trooper:
The state construction project on rt. 82 has been completed. Extra area traffic enforcement patrols were conducted.

Trooper Crosby graduated from D.A.R.E. (Drug Abuse Resistance and Education Officer) School

Resident State Troopers were in the area of Salem School for the start of the new school year.

First Selectman’s Report – Department Updates for August

**Building Department – Agnes Miyuki**

- FY2022/23, to date:
  - Total Permits Issued: 72
  - Total Fees Collected: $14,066.65
  - Total Construction Value: $1,138,417.70
  - Total Certificate of Occupancies Issued: 17

**Assessor’s Office – Mike Kapinos**

- Website updates
- Sales entry
- Camp manager request mailings
- Personal property mailing prep
- Permit review
- Filing
- Motor vehicle corrections

**Town Planner - Justin LaFountain**

- Following the decision to deny the Special Agriculture Zone application for 45 Forest Drive, the applicant filed an appeal with the Connecticut Superior Court regarding the decision. Attorney Steven Byrne is handling any and all court proceedings.
- The Planning and Zoning Commission approved outdoor merchandise sales at Statewide Pawn (1 New London Road). The merchandise is not allowed to extend into the parking spaces, and cannot obstruct sight lines of neighboring businesses.
- Plan of Conservation and Development progress continues, with nearly every section complete. I imagine that at the first September meeting, the Plan will be nearly or fully finalized. It can then start the official approval process.
- The site plan for the Salem Space Station Storage facility, which was approved in 2017 at 89 New London Road, is due to expire in November (site plans have a five-year approval, as dictated by State Statutes). The applicant has indicated that they will be requesting a five-year extension from the Planning and Zoning Commission, which the Commission is permitted to approve.

**Town Clerk – Linda Flugrad**

- Vault combination lock has been replaced for less than $1,500
- Working on verifying documents for backfilling the land records currently to the early 1900’s
- We have received a grant from the State for roughly $1,100+ for the issuance of absentee ballots, which would include purchasing absentee ballots, postage, and any additional supplies/workers we need for issuing them. We may have an upsurge due to change in legislation and aggressiveness in campaigns to get people to vote absentee. This grant does not need to be returned if funds not completely spent this year.
