

August 5, 2021

Dear Fellow Townspeople,

Please see the attached COVID-19 update showing our Town and Region:

It is distressing to see these numbers increase after we have all worked so hard to squash the COVID-19 infection rate.

Consider getting vaccinated. Getting yourself vaccinated is the most effective way to provide safety to yourself, your family and your community.

Everyone is tired of the COVID-19 Pandemic.

The more we work together to eliminate COVID-19 from our community, the better off all of us will be.

Respectfully,

A handwritten signature in black ink, appearing to read "K T Lyden".

Kevin T. Lyden
First Selectman

Uncas Health District – Weekly COVID-19 Report

All data in this report are preliminary and subject to change as additional information becomes available.

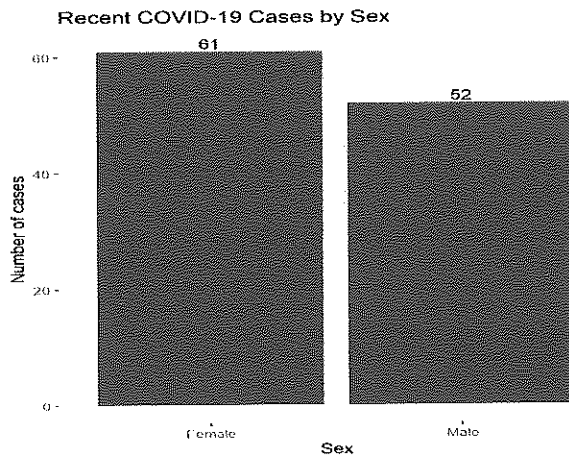

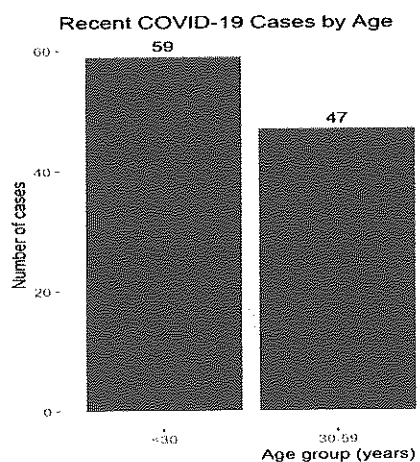

New COVID-19 cases in the previous two weeks by town (July 18, 2021–July 31, 2021).

City	New cases in the past 2 weeks	Average Daily Case Rate	Number of molecular tests and antigen tests in the past 2 weeks	Percentage of positive molecular tests and antigen tests in past 2 weeks
