Re: Successful DEA Prescription Drug Take Back

Dear Fellow Townspeople,

The DEA Prescription Drug Take Back held by Trooper Duffy and Trooper Reed was a success and will be repeated next year.

Salem residents dropped off more than 30 pounds of potentially dangerous prescription medications to the State Trooper's office at Salem Town Hall.

Helping people safely dispose of prescription medications is one way to reduce addiction and overdose deaths. State Police Barracks -Troop K in Colchester also is a drop off site for prescription medications at any time.

Thank you, Trooper Duffy and Trooper Reed, for hosting this important event for our community.

Respectfully,

Kevin Lyden  
First Selectman  
Salem, Connecticut
