Re: \$120,000 STEAP Grant Awarded to the Town of Salem

Dear Fellow Townspeople;

I am pleased to inform you that the Town of Salem has received a \$120,000 grant through the 2020 Small Town Economic Assistance Program (STEAP) from the State of Connecticut.

The grant will be used for the replacement of Underground Fuel Tanks. These fuel tanks store the fuel for our Emergency Vehicles, School Buses and Public Works Vehicles.

Many thanks to our Town Hall Staff and Senator Formica for the fine work on the preparation and procurement of this important grant.

Respectfully,

A handwritten signature in black ink, appearing to read "K T Lyden".

Kevin T. Lyden
First Selectman
